

Jeff Solberg served as one of the co-chairs for District 87's Citizens' Advisory Committee and was instrumental in advocating for the improvements in each of our schools. Jeff's subcommittee did a complete analysis of each of school which led to the creation of a long-term capital improvement plan for the district. Jeff worked with Parent/Teacher Organizations to explain the needs in each school and the ways in which the district would finance the improvements. He also presented information to the Board of Education, on behalf of parents, asking for restructuring of the District's long-term debt to pay for the improvements.
