

New Immunization Requirement for all 6th-12th grade students!

Beginning with the 2012–2013 school year, Illinois law requires that all students entering 6th -12th grade **MUST** have a Tdap immunization.

DISTRICT 87 STUDENTS IN 6th- 12th grade WILL NOT BE ALLOWED TO START SCHOOL WITHOUT THIS IMMUNIZATION!

Tdap is an immunization against Tetanus, Diptheria and Pertussis (whooping cough). It is different than DTaP/DTP/DT which is given before kindergarten.

Contact your health provider to see if your child has received a Tdap immunization or to schedule an appointment. Please provide your school with proof of the immunization once it is completed.

Questions? Contact your school nurse.
