

2007-2008 Marching Raiders

Band Directory Information

Every year, our BHS Band Aides (parent organization) produces a directory of all band students and their contact information. Every band family will receive a directory, which can be used for arranging carpools, coordinating volunteers, additional gatherings, or simply so our kids can keep in touch.

MOST IMPORTANTLY, this information will allow us to bring you the necessary information about the BHS Band throughout the year. Please make sure you have the correct details, and that you check your email often! You will be able to update this information on the Charms Music Website throughout the year, as well (more information about Charms Music will be available soon).
