L.A. Log

Reading

- Phonemic Awareness routines
- Literacy Centers
- Class library checkout

Writing

Our writing program involves the entire class writing on one broad topic in a particular style. Each day we practice a component of the writing process. The end-of-week product is a paragraph, and each week I will copy your child's paragraph and send it home, keeping the main collection at school for a book we will send home at the end of the year. Our first attempt was a narrative about summer activities.

Math Minutes

- Calendar & Weather routines
- Topic 1: Adding, Subtracting and Working with Data
 - ❖ Lesson 1: Counting and Number Race
 - ❖ Lesson 2: Explore Expressions and Sums
 - ❖ Lesson 3: Add 1 or 2
 - ❖ Lesson 4: More Work with 1 and 2
- We will start math centers soon. This new math curriculum involves much more cooperative work and less worksheets.

Reminders

- Please empty and return Friday folders on Monday.
- Thanks to parents who have already begun sending snacks in! Snack calendars were sent home last week. Please send in individually packaged snack items for easy distribution. We all share the same snack in the afternoons. Remember to send back library bags and classroom library books so your child can check out a new book.

REMEMBER TO READ AT LEAST 20 MINUTES EACH NIGHT!
