Independent Auditor's Report

To the Board of Education
Bloomington Public Schools District No. 87 as
Administrative District for Bloomington Area Career Center
Bloomington, Illinois

We have audited the accompanying financial statements of Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center which are comprised of the Statement of Assets and Liabilities Arising from Cash Transactions as of June 30, 2019, and the related Statement of Revenues Received, Expenditures Disbursed, Other Sources (Uses) and Changes in Fund Balances (All Funds), the Statement of Revenues Received (All Funds), and the Statements of Expenditures Disbursed - Budget to Actual for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions prescribed and permitted by the Illinois State Board of Education. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note #1 of the financial statements, the financial statements are prepared by Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center on the basis of the financial reporting provisions prescribed by the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the audit requirements of State of Illinois.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note #1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center as of June 30, 2019, or changes in financial position for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the regulatory basis financial position of Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center as of June 30, 2019, and the respective changes in regulatory basis financial position, and the respective budgetary comparison statements for the fiscal year then ended, in accordance with the financial reporting provisions prescribed by the Illinois State Board of Education and described in Note #1.

Other Reporting Responsibilities

Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules on pages 23 through 25, statistical section on pages 26 through 30 and the itemization schedule on page 33, and Schedules for Trust and Agency Funds are presented for the purposes of additional analysis and are not a required part of the financial statements of Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center. Such information, except for the average daily attendance figure, included in the computation of operating expense per pupil on page 27 and per capita tuition charges on page 28, is the responsibility of management and has been derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The information on pages 27-28 & 30 is propagated from information in the audited financial statements, but we take no responsibility for the accuracy of those calculations.

Other Information

The information provided on pages 2 through 4, and page 36 are presented for the purposes of additional analysis and are not a required part of the financial statements of Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center. The Report on Shared Services or Outsourcing on page 31 contains unaudited information concerning prior, current, and future year expenditures which was provided by the District. The Administrative Cost Worksheet on page 32 contains unaudited information concerning the current year budget which was provided by the District. The actual expenditure information on this page is fairly stated in all material respects in relation to the financial statements as a whole. The average daily attendance figure, included in the computation of operating expense per pupil on page 27 and per capita tuition charges on page 28, have not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

The Table of Contents references a Federal Compliance Section on Pages 37-46; however, this District was not required to have a Single Audit and this section has not been completed.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated October 22, 2019, on our consideration of Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center's internal control over financial reporting and compliance.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Education
Bloomington Public Schools District No. 87 as
Administrative District for Bloomington Area Career Center
Bloomington, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center as of and for the year ended June 30, 2019 and the related notes to the financial statements which collectively comprise Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center's basic financial statements, and have issued our report thereon dated October 22, 2019. Our report expressed an adverse opinion because the financial statements are not prepared in accordance with accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated on the cash basis of accounting, in accordance with regulatory reporting requirements prescribed by the Illinois State Board of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center's internal control. Accordingly, we do not express an opinion on the effectiveness of Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the school district's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bloomington Public Schools District No. 87 as Administrative District for Bloomington Area Career Center's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BLOOMINGTON AREA CAREER CENTER
A COMPONENT UNIT OF
BLOOMINGTON PUBLIC SCHOOLS DISTRICT NO. 87
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

Note #1 - Summary of Significant Accounting Policies

The Bloomington Area Career Center was established to provide occupational training or retraining for students and adults who wish to enter or continue in gainful employment in a recognized occupation.

Membership may be granted to school districts within a 25-mile radius by a majority vote of the Administrative Board, the Administrative District, and the State Board of Vocational Education and Rehabilitation on or before January 31.

The Center is governed by an Administrative Board composed of one Board member, the Superintendent of Schools (or a designated representative) from each member district, and the Superintendent of the Educational Service Region.

Bloomington Public Schools District No. 87 is the Administrative District for the program. The Center receives a substantial portion of its revenue from local school districts and state and federal agencies.

The Center's accounting policies conform to the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide.

A. Principles Used to Determine the Scope of the Reporting Entity

The Center's reporting entity includes the Center's governing board and all related organizations for which the Center exercises oversight responsibility.

Component Units

The criteria to be considered a component unit include, but are not limited to, whether the Administrative District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The Center has been determined to be part of the Administrative District's reporting entity since the Administrative District exercises significant influence over the assets, operations, and management of the Center. These financial statements represent only the financial position and results of operations of Bloomington Area Career Center, which is a component unit of Bloomington Public Schools District No. 87. Financial statements and financial records for the Administrative District are located at 300 E. Monroe Street, Bloomington, Illinois.

B. Basis of Presentation – Fund Accounting

The accounts of the Center are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, revenue received, and expenditures disbursed. The Center maintains individual funds required by the State of Illinois. The various funds are summarized by type in the financial statements. These funds are grouped as required for reports filed with the Illinois State Board of Education. Center resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following fund is used by the Center:

Note #1 - Summary of Significant Accounting Policies (cont'd.)

B. Basis of Presentation - Fund Accounting (cont'd.)

Governmental Funds –

Governmental funds are those through which most governmental functions of the Center are financed. The acquisition, use, and balances of the Center's expendable financial resources and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

The Educational Fund is the only operating fund of the Center. It is used to account for all financial resources of the Center.

Governmental Funds - Measurement Focus

The financial statements of all Governmental Funds focus on the measurement of spending or "financial flow" and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

General Fixed Assets Account Group

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. The Center records purchases of property and equipment as expenditures of various funds when paid. The Center maintains a detailed list of property and equipment purchased for insurance purposes.

The Center adopted a \$5,000 capitalization policy and follows the applicable capitalization in accordance with grant guidelines, when applicable.

No depreciation has been provided on fixed assets in these financial statements. The Illinois State Board of Education's Annual Financial Report (ISBE Form SD50-35/JA50-60) includes depreciation of \$7,965 which has been utilized for the calculation of the per capita tuition charge, and accumulated depreciation totaling \$31,897. Depreciation has been computed over the estimated useful lives of the assets using the straight-line method.

The estimated useful lives are as follows:

Permanent Buildings	50 years
Infrastructure Improvements	20 years
Capitalized Equipment	3-10 years

The account group is not a "fund". It is concerned only with the measurement of financial position. It is not involved with measurement of results of operations.

The General Fixed Assets Account Group reflects assets acquired after July 1, 1976. Assets acquired prior to joint agreement status are accounted for on the records of Bloomington Public Schools District No. 87.

BLOOMINGTON PUBLIC SCHOOLS DISTRICT NO. 87
NOTES TO THE BASIC FINANCIAL STATEMENTS

Note #1 - Summary of Significant Accounting Policies (cont'd.)

C. Basis of Accounting

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the account and how they are reported in the financial statements. The Center maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

Cash-basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

D. Budgets and Budgetary Accounting

The budget for the Governmental Fund is prepared on the cash basis of accounting, which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5, Paragraph 17-1 of the Illinois Compiled Statutes. The budget, which was not amended, was passed on August 8, 2018.

For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The Center follows these procedures in establishing the budgetary data reflected on the financial statements:

1. Prior to July 1, the Director submits to the Governing Board a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures disbursed and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Prior to September 1, the budget is legally adopted through passage of a resolution.
4. Formal budgetary integration is employed as a management control device during the year.
5. The Governing Board may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
6. The Governing Board may amend the budget (in other ways) by the same procedures required of its original adoption.

E. Cash and Cash Equivalents

Cash includes amounts in demand deposits and time deposit (savings) accounts. Cash equivalents include amounts in time deposits and other investments with original maturities of less than 90 days.

BLOOMINGTON AREA CAREER CENTER
A COMPONENT UNIT OF
BLOOMINGTON PUBLIC SCHOOLS DISTRICT NO. 87
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

Note #1 - Summary of Significant Accounting Policies (cont'd.)

F. Investments

Investments are stated at cost or amortized cost, which approximates market. The Center, under 30 ILCS 235/2, may legally invest in all securities guaranteed by the full faith and credit of the United States, as well as interest-bearing savings accounts, certificates of deposit, or time deposits constituting direct obligations of banks insured by FDIC and savings and loan associates insured by FSLIC. The Center may also invest in short-term obligations of the Federal National Mortgage Association, the Public Treasurer's Investment Pool, and all interest-bearing obligations of the State of Illinois.

G. Inventories

Inventories of vocational projects are recorded as assets in the Educational Fund on the basis of cost, which approximates net realizable value on the items held for resale. Gains and losses on the sale of vocational projects are recognized when sold.

H. Fund Balances

In accordance with Government Accounting Standards, fund balances are classified into five major classifications: Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance.

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts.

Restricted - The restricted fund balance classification refers to amounts that are subject to outside restrictions not controlled by the entity, such as restrictions imposed by creditors, grantors, contributors, laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policies or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose but are neither restricted nor committed. Intent may be expressed by the School Board itself by assigning amounts to be used for specific purposes.

Unassigned - The unassigned fund balance classification is the residual classification for amounts in the general funds (Educational and Working Cash) for amounts that have not been restricted, committed, or assigned to specific purposes within the general funds.

Note #1 - Summary of Significant Accounting Policies (cont'd.)

H. Fund Balances (cont'd.)

It is the Center's policy to consider restricted resources to have been spent first when an expenditure is incurred for which both restricted and unrestricted (i.e. committed, assigned or unassigned fund balances) are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

The Center follows the regulatory basis of reporting fund balances under guidelines prescribed by the Illinois State Board of Education, which is a special purpose reporting framework. The regulatory basis reports Reserved and Unreserved fund balance. See Note #3 for more detail.

Note #2 - Funding of the Bloomington Area Career Center

The Administrative Director shall bill member schools in advance for the prorated costs. After the final computations of the total costs for the fiscal year are completed, the necessary financial adjustments will be made on the final billing. The operational costs will be computed as follows: salaries of teachers, counselors, non-certified workers, clerical, custodial employees, pension and retirement benefits, equipment and supplies, administrative costs, and operation of plant and auxiliary services. From such cost, thus determined, will be deducted the state reimbursement for the same year. Such net cost shall be divided by the average number of pupils in average daily attendance on the basis of one-sixth day for every class hour attended.

Note #3 - Regulatory Fund Balances

The Center follows the regulatory basis of reporting fund balances under guidelines prescribed by the Illinois State Board of Education, which consists of Reserved and Unreserved Fund Balances. Reserved Fund Balances results when constraints placed on fund balance use is either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation. Unreserved Fund Balances consists of fund balance that does not meet the criteria of the preceding category.

The Center has the following categories of reserved fund balances:

1. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational Fund. Expenditures disbursed exceeded revenue received for those specific purposes, resulting in no reserved fund balance.

2. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational Fund. Expenditures disbursed exceeded revenue received for those specific purposes, resulting in no reserved fund balance.

Custodial Credit Risk Related to Deposits with Financial Institutions

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Center's general investment policy requires all amounts deposited or invested with financial institutions in excess of any insurance limit shall be collateralized by securities eligible for Center investment or any other high-quality, interest-bearing security rated at least AA/Aa by one or more standard rating services to include Standard & Poor's, Moody's, or Fitch. The market value of the pledged securities shall equal or exceed the portion of the deposit requiring collateralization.

The Center's investment policy states the preferred method for safekeeping of collateral is to have securities registered in the Center's name and held by a third-party custodian. Safekeeping practices should qualify for the Governmental Accounting Standards Board's Statement III, Category I, the highest recognized safekeeping procedures.

As of June 30, 2019, none of the Center's deposits were exposed to custodial credit risk.

Custodial Credit Risk of Investments

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Center will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At year end, none of the Center's investments were subject to custodial credit risk due to one of the following:

- o Investments were part of an insured pool
- o Investments were book-entry only in the name of the Center and were fully insured
- o Investments were part of a mutual fund
- o Investments were held by an agent in the Center's name

Interest Rate Risk

Interest rate risk is the risk that the value of investments will decrease as a result of a rise in interest rates. The Center's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

As of June 30, 2019, the Center had the following investments and maturities.

Illinois Funds Money Market –

During the year ended June 30, 2019, the Center maintained an account with the Illinois Funds Money Market. Illinois Funds Money Market is an external investment pool created by the Illinois General Assembly in 1975. Its primary purpose is to provide Public Treasurers and other custodians of public funds with an alternative investment vehicle which will enable them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds.

The monies invested by the individual participants are pooled together and invested in U.S. Treasury bills and notes backed by the full faith and credit of the U. S. Treasury. In addition, monies are invested in fully collateralized time deposits in Illinois financial institutions, in collateralized repurchase agreements, and in treasury mutual funds that invest in U.S. Treasury obligations and collateralized repurchase agreements.

The time deposits are collateralized 110% over FDIC or FSLIC \$250,000 insurance with U.S. Treasury obligations and marked to market on a weekly basis to maintain sufficiency. The repurchase agreements are collateralized at 102% with U.S. Treasury obligations and collateral is checked daily to determine sufficiency. Individual participants maintain separate investment accounts representing a proportionate share of the pool assets and its respective collateral; therefore, no collateral is identified with each participant's account.

At June 30, 2019, the Center had \$109,778 invested with the Illinois Funds.

ISDLAF+ (Investment Pool) –

During the year ended June 30, 2019, the Center maintained an account with the Illinois School District Liquid Asset Fund Plus (also known as ISDLAF+). ISDLAF+ is an external investment pool created in cooperation by the Illinois Association of School Boards, the Illinois Association of School Business Officials, and the Illinois Association of School Administrators. Its primary purpose is to provide School Districts, Community College Districts, and Educational Service Regions with an alternative investment vehicle which will enable them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds.

At June 30, 2019, the Center had \$109,167 invested with the ISDLAF.

Foreign Currency Risk

Foreign currency risk is the risk that an investment denominated in the currency of a foreign country could reduce its U.S. dollar value, as a result of changes in foreign currency exchange rates. The Center had no foreign currency risk as of June 30, 2019.

Note #6 – Pension Disclosures

The Pension Disclosures for Bloomington Public Schools District No. 87, McLean-DeWitt Regional Vocational System, and Bloomington Area Career Center are not separable. The following is the combined information for Pension Disclosures

The District contributes to two defined benefit pension plans: the Teachers Retirement System (TRS), and the Illinois Municipal Retirement Fund (IMRF). TRS is administered by the TRS board of trustees and is a cost sharing multiple employer plan. IMRF is administered by IMRF board of trustees and is an agent multiple-employer public employee retirement system. The benefits, benefit levels, employee contributions and employer contributions for both plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. The aggregate employer recognized pension expense on a cash basis for the year ended June 30, 2019, was \$1,121,201.

A. Teacher's Retirement System of the State of Illinois

Plan description

The employer participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration. The District employed 554 TRS members during the current fiscal year.

TRS issues a public financial report that can be obtained at <https://www.trsil.org/financial/cafrs/fy2018>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888)678-3675, option 2.

Benefits provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

A. Teacher's Retirement System of the State of Illinois (cont'd)

Benefits provided (cont'd)

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2020. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire of June 30, 2021. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs will begin in 2019 and will be funded by bonds issued by the State of Illinois.

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2019, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On behalf contributions to TRS. The state of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2019, State of Illinois contributions recognized by the employer were based on the state's proportionate share of the collective NPL associated with the employer, and the employer recognized revenue and expenditures of \$19,961,988 in pension contributions from the State of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2019, were calculated to be \$169,792. \$169,522 was actually paid toward this obligation in the current fiscal year.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2019, the employer pension contribution was 9.85 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2019, salaries totaling \$995,833 were paid from federal and special trust funds that required employer contributions of \$98,090. \$98,090 of these contributions were actually paid in the current fiscal year.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. Additionally, beginning with the year ended June 30, 2019, employers will make a similar contribution for salary increases over 3% if members are not exempted by current collective bargaining agreements or contracts.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2019, the employer paid \$2,080 to TRS for employer contributions due on salary increases in excess of 6 percent, \$9,914 for salary increases in excess of 3 percent and \$-0- for sick leave days granted in excess of the normal annual allotment.

Pension Expense

For the year ended June 30, 2019, the employer recognized TRS pension expense of \$279,606 on a cash basis under this plan.

B. Illinois Municipal Retirement Fund

Plan Description.

The District's defined benefit pension plan for non-certified employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information, for the plan as a whole, but not for individual employers. That report is available for download at <https://www.imrf.org/en/publications-and-archive/annual-financial-reports>.

Benefits provided.

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Benefits provided. (cont'd)

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees covered by benefit terms.

At December 31, 2018, the following employees were covered by the benefit terms:

Retirees or Beneficiaries currently receiving benefits	304
Inactive employees entitled to but not yet receiving benefits	264
Active employees	<u>275</u>
Total Members	843

Contributions.

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2018 was 10.89%. The total employer contribution paid for 2018 was \$944,644. The District's contribution rate for the calendar year 2019 is 8.74%. The actual contributions paid during the fiscal year ended June 30, 2019 were \$841,595. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Note #7 – Other Post-Employment Benefits

The District participates in two Post Employment benefit plans Other than Pensions. The two plans are the Teacher's Health Insurance Security (THIS) Fund and their own health insurance plan. All IMRF employers are required by State statutes to allow retirees to continue on their health plans.

Note #7 – Other Post-Employment Benefits (cont'd)

A. Teacher Health Insurance Security

The employer participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

On behalf contributions to the THIS Fund

The state of Illinois makes employer retiree health insurance contributions on behalf of the employer. State contributions are intended to cover the actuarial costs to the THIS Fund that are not covered by contributions from active members which were 1.24 percent of pay for the year ended June 30, 2019. State of Illinois contributions were \$251,124, and the employer recognized revenue and expenditures of this amount during the year.

Employer contributions to the THIS Fund

The employer also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.92 percent during the year ended June 30, 2019. For the year ended June 30, 2019, the employer paid \$268,325 to the THIS Fund, which was 99.63 percent of the required contribution.

Further information on the THIS Fund

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (<http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>). The current reports are listed under "Central Management Services" (<http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp>). B. Post-Retirement Health Care Plan

The District provides post-retirement health care benefits for the retirees and their dependents. All retirees are eligible to continue their health coverage under the District's self-funded health insurance plan. The retirees are responsible for a portion of the entire premium payment to secure coverage; however, for certain eligible staff, the District will continue to pay the monthly premium of applicable single coverage under the District's group health plan for the number of months equal to 3 months for each year or partial year of employment with the District, up to a maximum of 30 years or 90 months. The District finances the plan on a pay-as-you-go basis. The Unfunded Actuarial Liability has not been determined as of June 30, 2019.

B. Post-Retirement Health Care Plan (cont'd)

Plan Description. The District administers a single-employer defined benefit healthcare plan. The Educational support employees who contribute to IMRF are eligible for post-retirement medical coverage. The plan does not have a trust fund and therefore does not issue a separate publicly available financial report.

Funding Policy. The contribution requirements of the District may be amended by the School Board. Current policy is for the District to pay for post-retirement medical insurance benefits or premiums as they occur. The District requires retirees to contribute 100% of the premium for their desired coverage. The premiums are established for the employee/retiree group, which currently range from \$786 per month for individual coverage to \$1,928 per month for family coverage. Although, with regard to retirees, this amount contains an implied rate subsidy by the District through the blended premium covering all current employees and retirees, there is no actuarial valuation performed to determine the amount of such subsidy.

In addition, the District will pay the monthly premium for employer-paid group life insurance for 5 years commencing with the participant's employment termination date. The amount of life insurance coverage will be the same dollar amount as was provided by the District during the last year of employment. The cost of the monthly premium is currently \$0.10 per \$1,000 of coverage.

In the event of the death of a participant while receiving such health and life insurance benefits, the District's obligation for paying benefits will terminate.

Contributions Made. Cash-basis expenditures reported by the District in regard to the plan benefits for IMRF retirees for the fiscal year ended June 30, 2019, were \$47,232.

As of the fiscal year end, the District has seven retired employees receiving benefits under the programs described above. The future obligation for these retirees is \$155,613 based on the current benefits being paid.

Note #8 – Debt Service Requirements

The Center had no debt service requirements as of June 30, 2019.

Note #9 – Common Bank Accounts

Separate bank accounts are not maintained for the Center and Administrative District funds; instead, the Center and the Administrative District maintain their uninvested cash balances in a common checking account. Accounting records are maintained to show the portion of the common bank account balance attributable to each participating fund of each entity.

Note #11 – Self-Insurance Plan

All employees of the Center are covered under the State of Illinois Unemployment Insurance Act. The Center elected to be self-insured, and therefore, is liable to the State for any payments made to an unemployed worker claiming benefits.

The Administrative District is self-insured for medical coverage, which is provided to school personnel. Blue Cross/Blue Shield administers claims for a fixed fee per enrolled employee. The Administrative District has been responsible for the payment of claims up to annual levels of \$100,000 per employee and aggregate claims of \$6,197,572. Additional claims would be covered by commercial insurance. Future potential claims as of June 30, 2019, were not determinable.

At the beginning of each fiscal year, the Administrative District determines the amount of funds needed to operate the plan. This estimated total cost is used to develop standard unit charges for employees and for dependents covered under the plan.

The Administrative District has established a separate Self-Insurance Fund (Expendable Trust Fund) to account for the operation of this self-insurance plan. District contributions to the fund are made on the basis of 100% of the charges for employee coverage. Through payroll deductions, the employees are responsible for payment of the entire charges related to coverage of their dependents.

Note #12 – Commitments

As of June 30, 2019, the Center had no construction commitments.

Vacation Pay – Vacation pay is considered to be an expenditure in the year paid. Eligible administrators and support staff receive vacation pay. At June 30, 2019, the estimated unused vacation liability for the Administrative District is \$449,700, of which \$11,940 was for the Center.

Retirement Commitments – The Administrative District has Administrative Retirees with Board-Paid Group Life and Medical Insurance under TRS or IMRF Benefits. At June 30, 2019, the estimated amount for this retirement commitment is \$155,613, of which the Center was responsible for \$-0-.

Termination Benefits – The Administrative District is liable for termination benefits to retiring employees as of June 30, 2019, totaling \$80,721, which includes \$63,950 due in fiscal year 2020 and \$16,771 due in fiscal year 2021. None of these commitments were for the Center.

Note #13 – Contingencies

The Center has received funding from state and federal grants in the current and prior years, which are subject to audits by the granting agencies. The Administrative Board believes any adjustments that may arise from these audits will be insignificant to the Center's operations.

Note #14 – Disbursements in Excess of Budget

¹¹ A suggested format for assigning reference numbers is to use the digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2018 would be assigned a reference number of 2018-001, 2018-002, etc. The sheet is formatted so that only the number need be entered (1, 2, etc.)

¹² Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars

¹³ See §200.521 *Management decision* for additional guidance on reporting management's response.
